"99" Yearbook Staff

These are photographs of the members of our 1999 yearbook staff. We all worked very hard to achieve success in completing our yearbook. It was a hard job, and at times people would slack, but we have put a lot of hard work and effort into our yearbook. There are only eight members on our yearbook staff, so being at every event was hard, but we managed. As the yearbook editor, I would like to thank everyone at C.A.H.S. for making this years' edition possible.

Top left is Courtney and Anna, they are developing film. Above is Anna and Mr. Patrick, our student teacher, they are deciding what picture would look best with the layout Anna has chosen.

Middle left is Samantha and Crystal, they are debating on what picture would best fit the page they have decided on. Left is our 1999 yearbook staff, from left to right, row 1 — Erin Kelley, she is our business manager, she handles all of the money and ads associated with our yearbook. Anna Pascuzzo, she is our photo editor, she schedules when the pictures will be taken, helps the editor, and also has her own pages that are to be done. Courtney Adamson, she is our yearbook editor, she assigns pages, checks them, and also completes her own pages. Row 2 — the following students are the members of the yearbook staff, they assist in completing the pages they are assigned. Robin Symons, Kirstin Barnhart, Samantha Hanchek, and Shawn McMinn.

The 1999 Marching Band

The Carmichals Area Senior High Marching Band had a great year. They worked extremely hard and practiced every day to ensure they were still one of the best around. They took first place at the Buckwheat Festival for the eleventh year in a row! They also participated in the annual King Coal Parade for the thirty first year in a row. The band helped boost school spirit by playing at football games during half time, and pep rallies.

This year's office aides are in the office almost every period. They assist visitors, students, teachers as well as the secretaries. What is a Friend:And,Thanks for being one...

1) In kindergarten your idea of a good friend was the person who let you have the red crayon when all that was left was the ugly black one.

2) In first grade your idea of a good friend was the person who went to the bathroom with you and held your hand as you walked through the scary halls.

3) In second grade your idea of a good friend was the person who helped you stand up to the class bully.

4) In third grade your idea of a good friend was the person who shared their lunch with you when you forgot yours on the bus.

5) In fourth grade your idea of a good friend was the person who was willing to switch square dancing partners in gym so you wouldn't have to be stuck do-si-do-ing with Nasty Nick or Smelly Susan.

6)In fifth grade your idea of a good friend was the person who saved a seat on the back of the bus for you.

7) In sixth grade your idea of a good friend was the person who went up to Susan or Nick,your new crush,and asked them to dance with you,so that if they said no you wouldn't be embarrassed.

8) In seventh grade your idea of a good friend was the person who let you copy the social
studies homework from the night before you had.

9) In eighth grade your idea of a good friend was the person who helped you pack up your stuffed animals and old baseball cards so that your room would be a "your high schooler's" room,but didn't laugh at you when you finished and broke out into tears.

10) In ninth grade your idea of a good friend was the person who went to that "cool" party thrown by a senior so you wouldn't wind up being the only freshman there.

11) In tenth grade your idea of a good friend was the person who changed their schedule so you would have someone to sit with at lunch.

12) In eleventh grade your idea of a good friend was the person who gave you rides in their new car,convinced your parents the you shouldn't be grounded,consoled you when you broke up with Nick or Susan,and found you a date for the prom.

13) In twelfth grade your idea of a good friend was the person who helped you pick out a college ,assured you that you would get into that college,helped you deal with your parents who were having a hard time adjusting to the idea of letting you go...

14) At graduation your idea of a good friend was the person who was crying on the inside but managed the biggest smile one could give as they congratulated you.

15) The summer after twelfth grade your idea of a good friend was the person who helped you clean up the bottles from that party,helped you sneak out of the house when you just couldn't deal with your parents,assured you that now that you and Nick or Susan were back together,you could make it through anything,helped you pack up for college and just silently hugged you as you looked through blurry eyes at 18 years of memories you were leaving behind,and finally on those last days of childhood,went out of their way to give you reassurance that you would make it in college as well as you had these past 18 years,and most importantly sent you off to college knowing you were loved.

16) Now,your idea of a good friend is still the person who gives you the better of the two choices,hold your hand when you're scared ,helps you fight off those who try to take advantage of you,thinks of you at times when you are not there,reminds you of what you have forgotten,helps you put the past behind you but understands when you need to hold on to it a little longer,stays with you so that you have confidence,goes out of their way to make time for you,helps you clear up your mistakes,helps you deal with pressure from others,smiles for you when they are sad,helps you become a better person,and most importantly Loves you!!
